Grant. 7

Grand'c

♂ 85-20-8

Kg 56 58

A detailed drawing of a fish's head, showing the eye, scales, and fins. The drawing is a pencil sketch on a light-colored background. The fish's head is shown in profile, facing left. The eye is large and prominent. The scales are depicted with fine lines, and the fins are shown with distinct rays. The drawing is a study of the fish's anatomy, focusing on the head and upper body.
